Elizabeth Sasseman

profile

Skilled at taking ideas from design to prototype. Incredibly motivated by innovative collaboration, freedom to invent and brainstorm, and passionate people who think outside the box. Experience working as a team with UI & UX designers, engineers, product developers, and tech writers. Daily work in an iterative Agile environment with Adobe products, building prototypes, assisting in UX testing, presenting ideas, and refining designs. Also a skilled photographer and inventor with endless ideas. Always working on several side projects and small business ideas.

intuition

eyes | **artistic**
brain | **problem-solving**
thoughts | **inventive**
voice | **organized**
ears | **open**
hands | **creative**
heart | **understanding**
